YOUTH EMPLOYMENT PROGRAM OPPORTUNITIES

keystoneservices.org

BEST BUY TEEN TECH CENTER

Technology and Programming

Use your imagination to explore and teach fellow students to use new and innovating technology. Help others learn new skills such as 3D printing, laser engraving, digital art & photography, recording music, and more!

EXPRESS BIKE SHOP

Youth Apprenticeship Program

The Bike Shop offers students a hands-on opportunity to learn the fundamentals of bike mechanics, including how to clean and repair various bike parts.

In addition to technical skills, students engage with customers and gain insight into business operations. This well rounded program helps youth build practical skills while also boosting their confidence in communication and collaborative teamworking skills!

WEST 7TH COMMUNITY CENTER

Community Kids Program

At Community Kids, learning is fun, engaging, and challenges children to become curious and confident students.

This after-school program is aimed at enhancing children's academic skills in unique ways.

MCDONOUGH RECREATION CENTER

Teen Tutor Program

Youth employees provide students with homework help, reading support, and activities that help boost math and social/emotional learning skills.

Keystone provides intensive training and supervision so that Teen Tutors can successfully provide impactful and meaningful evidence-based tutoring.

KEYSTONE COMMUNITY FOOD CENTER

Volunteering and Internships

Have a passion for giving back to the community? Help Keystone provide food support to families at the food center!
